Continuing Education Information

In support of improving patient care, this activity has been planned and implemented by the Consortium of Multiple Sclerosis Centers (CMSC) and the International Organization of Multiple Sclerosis Nurses (IOMSN).

CMSC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

The CMSC designates this activity for a maximum of 3.75 contact hours of continuing nursing education.

Learning Objectives

- Incorporate accumulated clinical evidence, current guidelines, and emerging new clinical data into individualized education regarding DMTs for MS as part of a comprehensive approach to nursing care and education in multiple sclerosis.
- Identify and address symptoms experienced by patients with MS, with attention to their values and goals for treatment, and with appropriate implementation of pharmacologic and non-pharmacologic interventions.
- Integrate a multidisciplinary approach to care by recognizing, assessing, and addressing psychological and cognitive issues in patients with MS and including team members with specialized knowledge and skills in each area.
